

**Senses Research Day, Thursday 19 June  
Room G35, Senate House, University of London**

**10.30am:** Registration & Tea/Coffee

**10.55am:** Workshop opens and introduction (Ophelia Deroy, RTS project, London)

**11.00am-12.00pm:** Session 1: The senses (Chair: Alisa Mandrigin)

**11.00am:** Keith Wilson (RTS project, Glasgow), *How many senses of smell?*

**11.20am:** Meng Liang (UCL, London), *Primary sensory cortices contain distinguishable spatial patterns of activity for each sense*

**11.40am:** Tony Cheng (RTS project, UCL, London), *Iconic memory as phenomenally analogue*

**12.00pm-12.30pm:** Coffee break

**12.30pm-1.20pm:** Session 2: The body and action (Chair: Merle Fairhurst)

**12.30pm:** Ruben T. Azevedo (Royal Holloway, London),  
*The predictive rhythm of one's own heart*

**12.50pm:** Ana Tajadura-Jiménez (UCL, London), *The hearing body*

**1.10pm:** Ramiro Joly-Mascheroni (City University of London, London), *Neurocognitive mechanisms for action perception: a comparative perspective between humans and animals*

**1.20pm:** Eleonora Vagnoni (Birkbeck, London), *The Influence of our motor capabilities on time-to-collision judgments*

**1.30pm-2.40pm:** Lunch (to be provided) & Poster Session

*Afternoon programme*

**2.40pm-4.00pm:** Session 3: Spatial representation and touch (Chair: Keith Wilson)

**2.40pm:** Alisa Mandrigin (RTS project, Warwick, Coventry), *Constraints on spatial representation*

**3.00pm:** Reeva Misra (Goldsmiths, London), *Localising touches in the auditory environment at 6 months of age*

**3.20pm:** Jannath Begum Ali (Goldsmiths, London), *Infants in touch with the outside world: Where are my feet?*

**3.40pm:** Flavia Cardini (Anglia Ruskin, Cambridge) *Visual induction of somatosensory blurring*

**4.00pm-4.30pm: Coffee break**

**4.30pm-5.50pm:** Session 4: Feature perception and binding (Chair: Yuanyuan Aimee Zhao)

**4.30pm:** Merle Fairhurst (RTS project, London), *Magnitude estimation across the senses*

**4.50pm:** Adrian Downey (Sussex, Brighton), *Virtual presence and feature-binding*

**5.10pm:** Carlos Velasco (Oxford) *Colour/flavour congruence facilitates classification and search for food products*

**5.30pm:** Noam Sagiv (Brunel, London), *Illusory persistence of touch in synaesthesia*

**6.00pm: Workshop close**

**7.00pm: Performance *Moving Water***

October Gallery, 24 Old Gloucester Street WC1N 3AL (confirmed participants only)

**8.00pm-9.30pm: Reception**

Roof Garden, Mary Ward Centre, 42 Queen Square WC1N 3AQ (confirmed participants only)
